WELCOME TO SOLOTRONICS

Powering a Sustainable Future Through
Smart Solar & Lighting Solutions

At **SOLOTRONICS TECHNOLOGIES PVT LTD**, we are committed to delivering innovative solar and lighting solutions that combine advanced technology, superior quality, and sustainable engineering. Our products illuminate roads, industries, parks, campuses, and public infrastructure while reducing energy consumption and supporting a cleaner future. With a focus on innovation, reliability, and customer satisfaction, we help build smarter and brighter communities across India.

At **SOLOTRONICS TECHNOLOGIES PVT. LTD.**, we take pride in being a trusted manufacturer of premium Decorative Light Poles designed to enhance the beauty, safety, and functionality of modern outdoor spaces. Our innovative lighting solutions combine elegant aesthetics with superior engineering, making them ideal for parks, gardens, residential townships, commercial complexes, hotels, resorts, campuses, highways, and smart city projects.

WHO WE ARE

Building a Brighter, Smarter
& Sustainable Tomorrow

SOLOTRONICS TECHNOLOGIES PVT LTD is a leading manufacturer of advanced solar and lighting solutions, committed to delivering high-performance, sustainable, and reliable products for a better tomorrow.

With a strong focus on innovation, quality, and customer satisfaction, we design and manufacture a wide range of solar street lights, decorative light poles, high mast poles, smart solar solutions, and allied lighting systems that illuminate communities and infrastructure across India.

Our state-of-the-art manufacturing facility, skilled workforce, and stringent quality processes enable us to deliver products that meet global standards and perform in real-world conditions. At Solotronics, we combine engineering excellence with environmental responsibility to create smart, energy-efficient lighting solutions that support the vision of a cleaner and greener India.

VISION • MISSION • VALUES

Our Vision drives us forward.
Our Mission defines our purpose.
Our Values shape everything we do.

At Solotronics, we are committed to creating smarter, greener, and brighter communities through innovative solar and lighting solutions.

VISION

To be a leading global provider of smart solar and lighting solutions recognized for innovation, quality, and sustainability, illuminating a better tomorrow for generations to come.

MISSION

To deliver innovative, high-performance, and reliable solar and lighting solutions that add value to our customers, promote energy efficiency, and contribute to a cleaner, greener, and sustainable India.

WHY CHOOSE SOLOTRONICS?

**Smart Solutions. Superior Quality.
Sustainable Future.**

At Solotronics, we go beyond products – we deliver reliable, efficient, and sustainable solar and lighting solutions that create long-term value for our customers and communities.

REASONS THAT SET US APART

INNOVATIVE SOLUTIONS

We leverage cutting-edge technology and continuous innovation to deliver smart, efficient, and future-ready solar solutions.

PREMIUM QUALITY

Every product is manufactured using high-grade materials and advanced processes to ensure superior performance and long life.

ADVANCED MANUFACTURING

Our state-of-the-art manufacturing facility and skilled workforce ensure precision, consistency, and timely delivery at scale.

SUSTAINABLE BY CHOICE

We are committed to reducing carbon footprint and promoting clean, renewable energy for a greener tomorrow.

CUSTOMER CENTRIC

We believe in building long-term relationships through responsive support, transparent communication, and total satisfaction.

END-TO-END SOLUTIONS

From design and manufacturing to installation and after-sales service, we provide complete solutions under one roof.

Machines & Processes

OUR MANUFACTURING PROCESS

01

RAW MATERIAL SELECTION

We use high-grade raw materials from trusted suppliers to ensure strength and durability.

02

PRECISION FABRICATION

Advanced cutting, bending & shaping ensures dimensional accuracy and perfect fit.

03

WELDING EXCELLENCE

Skilled welding with strict quality checks ensures strong, stable structures.

04

POWDER COATING

Corrosion-resistant powder coating for superior finish and long-lasting life.

05

ASSEMBLY & INTEGRATION

Components are carefully assembled with precision and attention to detail.

06

TESTING & QUALITY CHECK

Every product goes through rigorous testing to ensure performance & safety.

BUILT ON QUALITY. DRIVEN BY INNOVATION.

QUALITY ASSURANCE

Multi-level quality checks at every stage to deliver defect-free products.

INNOVATIVE TECHNOLOGY

We adopt the latest manufacturing technology to stay ahead of the future.

SUSTAINABLE PRACTICES

Eco-friendly processes that reduce impact and support a greener planet.

SKILLED WORKFORCE

Experienced and dedicated team ensuring precision in every product.

CONTINUOUS IMPROVEMENT

We constantly upgrade our systems to deliver better products and greater value.

Durability

Assured for
Reliability

Certified for
Safety

OUR TESTING & QUALITY CHECKS

01

WATERPROOF TEST (IP TEST)

All products are tested for IP65 / IP66 protection to ensure complete resistance against dust and water for all-weather performance.

02

BATTERY PERFORMANCE TEST

Batteries are tested for capacity, charging, discharging, and backup to ensure long life, safety and consistent performance in all environments.

03

LED PERFORMANCE TEST

LEDs are tested for lumen output, color temperature, CRI, and efficiency to ensure high brightness, uniform light distribution and energy efficiency.

04

CONTROLLER TEST

Every controller is tested for MPPT efficiency, voltage regulation, overcharge protection, short circuit protection and overall reliability.

05

ENVIRONMENT TEST

Products are tested under extreme temperature, humidity and heat conditions to ensure stability, durability and long-term performance.

06

FINAL INSPECTION

Each product undergoes a final 100% quality inspection before packing to ensure flawless performance and customer satisfaction.
